Beaches

It is indisputable that an absolute highlight of any trip to Byron Bay is experiencing the world-famous beaches. And there is certainly no shortage of options:

Main Beach: Simply stroll across the road from Bayview and you have stumbled upon Byron's Main Beach. It is a pretty, sandy beach with a patrolled flagged area and views straight out to the famous Julian Rocks.

The Wreck: The Wreck is an icon of Byron Bay surf culture. Located just west of Main Beach, and barely a few minutes' walk from Bayview Apartments, this very photogenic spot should not be missed. Whilst the beach does get quite busy during peak times, the people watching is superb and the sheltered corner created by the rock wall makes for great swimming conditions.

Clarkes Beach: Nestled in the corner of the Bay between Main Beach and The Pass is Clarkes Beach. An extension of Main Beach, Clarkes Beach is another beautiful spot that may offer some escape from the crowds. At high tide it offers great swimming without any big waves to battle and low tide often creates a great lagoon for lazing. There are a few rocks around, so watch your feet when walking.

The Pass: The Pass is iconic. And not just an icon of Byron Bay. It is an internationally recognised image of Australia. The never-ending wave, the infinite lines of swell, the lookout perfectly situated to admire it all. Whilst the sand and surf can both get very crowded, The Pass is worth a visit. There is space to spread out, safe swimming and pretty rock pools to explore. It is tucked away in the corner of The Bay, often providing a perfect escape from the wind. An easy, flat walk from Bayview apartments or a very short drive and you will see.

Wategos: Just around the point from The Pass is Wategos beach. Famous for its luxurious mansions and celebrity spotting, a trip to Wategos should be on any to-do list. It is stunningly photogenic and a wonderful place to let a sunny day roll by. Wategos is also known for its great surf conditions- recommended for experienced surfers only.

Belongil Beach: If you want to walk a stretch of sandy beach where you will pass only a handful of people and a puppy or two (it is leash-free), head north past The Wreck and keep on walking. The crowds will thin and you'll feel alone in the best possible way. While Belongil is unpatrolled and slightly more dangerous for swimming, it is perfect for sunset walks, sunbaking and beach games.

Tallow Beach: Tallow beach is located approximately 3km from Byron's town centre in the Arakwal National Park. It is a beautiful sandy beach with opportunities for whale watching, bird watching, beach fishing, sunbaking and swimming. The beach is unpatrolled and can have strong rips so recommended for experienced surfers only.

Broken Head Beach: Broken Head beach is approximately 10mins drive from Byron Bay. Protected by its own headland, Broken head beach is a favourite with families- local & visiting- for swimming, surfing and fishing. There is also an open grassy area nearby with picnic tables, barbeques and amenities making it a perfect day trip from Byron. It is patrolled at various times throughout the year.

Byron Hinterland & Neighbouring Towns:

If you need a break from the beach, or the weather isn't cooperating, there are many amazing areas to explore just outside of Byron Bay;

Newrybar: Located 20 minutes' drive from Bayview Apartments, Newrybar is an historic, one-street-town surround by stunning hinterland. While a simple drive through town is beautiful enough, the shops & cafes make for a day well spent. Be sure to check out [Harvest](#), [Newrybar Merchants](#), [Drift Lab](#) and [Gaia Retreat & Spa](#).

Bangalow: Essentially, Bangalow is the ultimate small town. Great shops, amazing food, beautiful scenery & a creative local population. Just 15 minutes from Byron Bay, Bangalow is a great option for a morning drive with plenty of potential to turn into a full day adventure. We recommend [Butcher, Baker, Bangalow](#), [One Green Acre](#) and [Our Corner Store](#).

Brunswick Heads: Brunswick township is excuse enough to leave the bustle of Byron- delicious food (don't miss [Old Maids Burger Store](#)), local shopping and a great pub; [Hotel Brunswick](#). However, add the fact that Brunswick River is one of the best swimming spots in the area and there is no excuse not to go. The 25 minute drive will feel like nothing as soon as you get there.

Lennox Head: venture a few beaches south of Byron and you'll find Lennox Heads. A stunning town with incredible beaches (the famous Seven Mile Beach starts here) plus the beautiful Lake Ainsworth- a huge tea tree lake, perfect for swimming. Famous for its surfing breaks, but there is much more to Lennox and well worth a visit.

Waterfalls:

Minyon Falls: Located in the stunning Nightcap National Park, Minyon falls is, rightfully, Byron's most famous waterfalls. They plunge more than 100 meters over jagged cliffs to the pools below. There are 2 hiking options for visitors seeking the full experience, the short option taking around 2 hours and the longer option between 4 & 5 hours. There is also an easily accessible viewing platform offering panoramic views from the top. This stunning hinterland experience is just 45 minutes drive from Bayview.

Killen Falls: Killen falls can be found at Tintenbar, around 30 minutes drive from Bayview. There is an easily accessible viewing platform from the top, or a 1km return hike to the base where visitors can walk behind the cascading water.

Protestors Falls: Named for the 1970s Terenia Creek protests which saved this part of the pristine rainforest, Protestors falls reside in the World heritage listed Nightcap National Park. The looped walking track is around 1.5km long and is a great option for families. Protestors Falls is a stunning 1 hour 20 minute drive through Byron's hinterland.

Cape Byron Lighthouse

The Cape Byron Lighthouse walk is a Byron Bay experience not to be missed! It is a stunning hike by the beach, through rainforest & across clifftops with incredible ocean and hinterland views along the way. Be prepared for some incredible wildlife encounters too! Here is some essential information for you;

Distance: 3.7km

Difficulty: Grade 3 – Medium. The track can be accessed at numerous points to make it shorter and easier with limited paid parking available at certain stages (see map).

Time Suggested: 1.5-3hrs (full loop from Bayview)

Cafes: There are 2 cafes that provide perfect rest stops along the way; The Pass Cafe, located at The Pass and Cape Byron Lighthouse Cafe, located at the lighthouse.

Lookouts: Offering unbeatable views, the lookouts on the way to the lighthouse are not to be missed. Be sure to stop at Captain Cook's Lookout & Fisherman's Lookout (see map).

Picnic Spots: There are multiple picnic spots along the way: Captain's Cook Lookout, The Pass, Wategos Beach, Little Wategos Beach and The Lighthouse (see map).

Parking: There is 1-hour maximum parking at the lighthouse car park for \$8.00. There is 1 hour maximum parking for \$4.00 at the lower lighthouse car parks. There is 4 hour parking at Wategos and The Pass for \$4.00 per hour. There is unlimited parking at Clarke's Beach for \$4.00 per hour (capped at \$20.00 for all day parking).

Other Information: As it is a National Park, the lighthouse is non-smoking and pets/domestic animals are not allowed (service animals excluded). There are toilets located at various stages along the track (see map). The Maritime Museum (former Lighthouse Keeper's office) is open 10am-4pm daily.

Don't forget to take some drinking water, a hat, sunscreen & a camera.

Directions (see map): From Bayview Apartments, you can either follow the road or the beach towards the lighthouse.

If following the beach, walk east along Main Beach, past Clarkes Beach, to The Pass. At The Pass walk off the beach and follow the track to the lighthouse, it is well signed. You will pass Wategos Beach before climbing the stairs to the lighthouse.

If following the road, turn right out of Bayview and follow the path found across the road. Continue on this path, along Lighthouse road, following the signs to Cape Byron Lighthouse.
